

# Cybersecurity for the Home

We now protect your digital life and that of your family

#### ANTIVIRUS

We install the market's most comprehensive antivirus on your devices.

#### IOT SUPPORT

We provide support for any device connected to the internet in your home.

#### PARENTAL CONTROL

We have an advanced parental control system for your children's devices.

#### GAMER SUPPORT

We help resolve queries and performance problems in your games.

*and also*

#### ADVANCED ANALYSIS OF YOUR INTERNET CONNECTION

We check your Wi-Fi connection to improve its speed and security.

#### ON-SITE ASSISTANCE

A technician visits your home to resolve incidents which could not be resolved remotely.

#### PC OPTIMISATION

We help improve the performance of your PC.

#### DEVICE LOCATION

If your device is lost or stolen, we will help you locate it.

#### CHECK-UP AND FINE TUNING

We check and configure your devices so that you get the most out of them.

#### IP VULNERABILITY ANALYSIS

We check your router vulnerabilities from outside and explain how to fix them.

#### DIGITAL ERASURE

We eliminate any false or libellous information about you or your family from the internet.

#### ONLINE PRESENCE REPORT

We tell you where you appear on the internet and provide you with solutions if we detect any point of conflict.

#### ELECTRONIC CERTIFICATION AGAINST DIGITAL VIOLENCE

If any member of your family is harassed online, our team of forensic experts will analyse the threat and search for certified evidence to present before a court.

You'll have EXPERT SUPPORT

24 hours a day,  
365 days  
per year
